Introduction to the Orchestra

North Queensland Ensembles, Inc., is the flagship carrier for the Barrier Reef Orchestra. The orchestra was formed in 2000, following a visit to Townsville by the noted Australian conductor, Richard McIntyre.

Player members of the Orchestra are drawn from a large cross-section of the Townsville community and include many players with high level qualifications and wide concert experience. Others are students, homemakers, professionals, trades-people and clerks - all drawn together by their great love of orchestral music and determination to provide the North Queensland community with quality performances.

The Orchestra interacts with other local music groups such as the 1RAR Band, Townsville Brass, Townsville Oratorio Choir, as well as providing small groups of musicians to play at community and civic gatherings.

From time to time the Orchestra is augmented by players from other North Queensland locations. The Orchestra has also performed in other northern locations, making it an orchestra for all in our northern community.

Membership Application

Membership Type (please select one)

- ☐ Adult ☐ Family
☐ Student ☐ Concession
